Dear Mr. Gunderson:

The purpose of this letter is to transmit Minor Modification #5 to the Building 371/374 Closure Project Decommissioning Operations Plan for your review and approval. This minor modification replaces the use of explosives with conventional demolition techniques. It also clarifies the implementation of removal of contaminated portions of the building shell, in accordance with the process outlined in the Rocky Flats Cleanup Agreement Standard Operating Protocol for Component Removal, Decontamination and Size Reduction Activities. In addition, the minor modification describes the Resource Conservation and Recovery Act closure requirements.

Your support to accomplish the closure and removal of Building 371/374 in a safe and timely manner is greatly appreciated.

Please feel free to direct any questions to Warren Seyfert at (303) 966-5925.

Sincerely,

Joseph A. Legare, Director
